## Christmas Sale Amongst the Many Gifts

The directors of the Kelowna Hospital Society wish to express their sincere thanks to all who took any part in making the Jumble Sale of last Saturday a success. They are desirous of mentioning the names of some who did valiant work, but it is very hard to know just where to stop as so much was done, they therefore, wish to simply go on record as expressing their appreciation to one and all.

In addition to the amounts mentioned below which were given in cash, and the very large number of salable articles which were donated, three horses were given to the sale by Messrs. J. Casorso, W. Gellatly and Grote Stirling, all excellent girts. Two of these were drawn for, one going to Mr. Fumerton, and the other to Mr. Thomas Roberts. Both of these people have kindly given the horses back to the hospital, so at the present time the hospital has three horses amongst its assets.

The receipts from Jumble Sale Day total \$300.30, made up as follows:

Total amount of cash from sale of goods and two horses	\$201.70
A. Dalglish	1.00
Mr. Murdoch	5.00
Rev. A. Dunn	2.00
E. R. Bailey	10.00
Merchants' Assn., sale of Children's show cards	10.00
Afternoon teas on day of sale	27.00
Outstanding bills not paid	40.10
Anonymous amounts, names not given	3.50

In addition to this a large quantity of apples and vegetables were taken to the hospital from the sale, as it was considered that these gifts were more valuable to use in the hospital than to sell.

## BRITISH SUCCESS IN GERMAN EAST AFRICA

LONDON, Nov. 22.—An unsuccessful attack made by a German column upon a small British post in German East Africa, following which the Germans were driven away with heavy losses by the British relief forces, was announced in an official statement issued here today. The statement follows: "The enemy, 400 strong, with three guns and eight machine guns, attacked a small British post at Lupembe. The garrison repulsed all attacks, inflicting heavy casualties. Later, two British columns closed in on Lupembe, and the enemy fled in a north-westerly direction taking their wounded with them and abandoning one heavy gun with its ammunition. Forty-seven dead were collected on the field.

## PRINCES DECORATED

PARIS, Nov. 22.—Two brothers of the new Austrian empress, Princes Xavier and Sixte of Parla, are serving in the Belgian army. President Poincaré recently decorated both these princes with war crosses.

## TRIED TO SWIM OKANAGAN LAKE

Jim Campbell Averts a Drowning Fatality

Quite an exciting little episode occurred last Friday morning, when two cows tried to swim across the lake to get back to their home ranch. The cows had been purchased by Casorso Brothers from George James, of Westbank, and had been left in town prior to being taken out to their new home. Soon after nine o'clock the cows were seen to enter the water near the Aquatic Pavilion. The water was very cold that morning, and one of the cows gave up the attempt and returned to the Kelowna shore after only getting about 200 yards out. The other cow, however, had been taken from her calf, and the maternity instinct evidently urged her on. She held her course for almost a mile, when, probably rendered stupid by the cold and the large quantity of the water she had swallowed, she turned off down the lake.

A tragedy was averted by J. Campbell, the ferryman, who, in making his run across to Kelowna, saw the poor beast, and effected a rescue by towing the cow back here. Stimulants, in the shape of a bottle or two of whisky, were administered. The cow was lifted to a drag and taken to the barn of the Jenkins Co., Ltd., where it was rubbed and blanketed. Latest reports state that the animal is making a steady recovery and it is believed that in a short time she will be none the worse for her narrow escape.

## NEW CHANGES IN ALL BATTLE FRONTS

Roumanian Armies Still in Critical Position

LONDON, Nov. 22.—Apart from western Roumania, few changes of great importance have taken place on any of the battle fronts. In the Somme region of France, the armies of both sides are almost inactive, except for the artillery which is bombarding intermittently on the various sectors. Skirmishes and artillery duels continue on both the Austro-Italian and Russian fronts. In the Wallachian region of Roumania, the Austrians and Germans everywhere are keeping up their pressure against the

## REMBLER PAUL PASSES AWAY

Death of Well-Known Kelowna Resident

Kelowna lost one of its most notable residents last Saturday, in the death of Rembler Paul, who died at Edmonton, Alta., where he had journeyed to spend the winter. Although a man who lived very much to himself, owing to his advanced age, yet amongst local residents he had gained an almost historic renown, chiefly on account of his strong personality and his financial interest in local business and property.

The deceased was born in the city of Montreal, in the year 1831, and was the son of a veterinary surgeon who had gained a considerable reputation in the city of Toronto, where he is believed to have practiced for a number of years. Much of young Paul's boyhood was spent in Kingston, Ont., and it was in this city that he was apprenticed to the printing trade. Finding the work too monotonous, however, and not at all to his taste, the young lad ran away from home and commenced a wandering career in the west, being one of the first white men to visit much of the country lying both east and west of the Rockies. He was essentially of a roaming disposition and an adventurer in every sense of the word. After many years spent in prospecting, trapping and mining, he finally settled down in Regina, Sask., where he conducted a coal business for a number of years. While in Regina, he bought large tracts of prairie land lying to the south of the city, which he afterwards sold to

## PRETTY WEDDING AT KNOX CHURCH

Popular Local Singers United in Matrimony

A pretty wedding was solemnized at Knox Church, at twelve o'clock Wednesday morning, when Miss Frances Pearson, L.R.A.M., and Mr. Fred Pedlar were united in marriage.

The bride, who was becomingly attired in cream silk, with an overdress of ninon, trimmed with lace, was attended by Miss Jennie Stevens, who looked very dainty in an Alice blue crepe de chine dress. Miss Doris Leathley made a charming flower girl, robed in dainty cap and dress of pale pink silk.

The bride and bridesmaid carried a bouquet of pink and white carnations, while the little flower girl had a dainty basket of yellow and white chrysanthemums.

Mr. Drury Pryce acted as best man to the groom.

The ceremony opened with the singing of the Bridal Hymn by the choir, accompanied by the organ, and at the close of the service, which was conducted by the Rev. E. Braden, Mrs. L. Dilworth rendered very sweetly the beautiful solo "Until."

After the wedding, a reception was held at the bride's home, on Graham Street, where the guests viewed the many beautiful presents of which the happy pair had been the recipients, and amongst which was a very handsome walnut tray presented to the bride by the Okanagan Loan and Investment Trust Co.

During the afternoon, the happy couple left by car for Vernon. The honeymoon will be spent in a visit to the coast cities on both sides of the line.

## DEATH OF EMPEROR FRANCIS JOSEPH

LONDON, Nov. 22.—The evening newspapers, commenting upon the death of Emperor Francis Joseph, express the opinion that it can have no effect upon the war, because, they say, of the German domination over Austria-Hungary, both military and politically.

## EXPECT DEMANDS FOR FOUR RECOUNTS

VANCOUVER, B.C., Nov. 23.—Today Premier Bowser will tender the resignation of his government to the Lieut.-Governor, who, it is expected, will immediately call upon H. C. Brewster to form a cabinet within 10 days, before which time demands for recounts must be filed. It is likely that a recount will be demanded in Esquimalt, where Mr. McCurdy, the Liberal member has a majority of two over Mr. R. H. Pooley, the Conservative member; in the Islands, where Mr. M. B. Jackson, Liberal, is four ahead of Major W. W. Foster, D.S.O.; in Slokan, where Mr. William Hunter, Conservative, is one behind Mr. C. F. Nelson, Liberal; and in Fort George, where Hon. W. R. Ross, minister of lands, is seven ahead of Mr. McInnes, Socialist.

## SIR JOHN BOYD DIES

TORONTO, Nov. 23.—Sir John Alexander Boyd, Chancellor and President of the High Court of Justice, died early this morning, aged 79 years.

## Britannic Sunk By Submarine

Large British Hospital Ship Sent to the Bottom

LONDON, Nov. 23.—The Daily News Athens correspondent says the following concerning the sinking of the "Britannic":—"The 'Britannic' was torpedoed at three o'clock in the morning, and sank near the shore 55 minutes later. She was going to Saloniki, but had no wounded on board. Her complement included 121 nurses and 390 officers and men of the army medical corps. Twenty-five of the injured from the steamer are now in the Russian hospital, while others are aboard allied warships. The Islanders of Zea saw the vessel sinking and the victims struggling in the water and promptly responded to the appeals for help and an Anglo-French squadron from Piraeus, comprised of destroyers and auxiliaries, immediately went to the scene."

According to an Athens despatch to the Daily Chronicle, the survivors of the "Britannic" believe that two German submarines were lying in wait for the steamer in the narrow seas close to the island. The "Britannic" was attacked from both sides simultaneously, each submarine sending a single torpedo. One of these missed the mark, but the other inflicted a square shot.

President Wilson Sends Message of Condolence

WASHINGTON, Nov. 23.—President Wilson has sent a message of condolence to Emperor Karl Franz Josef of Austria-Hungary.

## MARKET REPORT

(By the B.C. Markets' Commissioner)

### CALGARY

CALGARY, Nov. 18.—Heated cars have been arriving on the prairies during the past week in large numbers. During the cold spell of last week several cars were touched by frost, but these are not in the majority as far as can be learned at this writing. It would be well for shippers to build false bottoms higher, for several cars have shown frost on the bottom rows of the bottom boxes, due in all probability to the fact that the heat was not circulated sufficiently. One report says that the cars were touched with frost at the ends, due no doubt to the same cause.

Jobbers are glad to get these cars as shippers can well imagine, and now that a Chinook wind has swept over this part of the country business will be good again for the fine summer weather now prevailing will give jobbers a chance to place their country orders.

The potato situation shows little change, beyond the fact that some of the shippers are experiencing difficulty in securing cars, thus retarding shipments. There has been a big movement of spuds from this province to eastern points and it would appear that about all that can be moved this season have gone, although a large number of farmers are holding their tubers in pits anticipating higher prices later on.

Prevailing wholesale prices follow: Pears, Winter Nellis, per box \$3.25, Buerre d'Anjou, 1's, \$3.75, 2's, \$3.25. Apples, Economy, \$1.15, Jeffrey Jumble, \$1.60, Jonathans, No. 1, \$1.80, No. 2, \$1.60, Wagners, No. 1, \$1.80,

### MEDICINE HAT

MEDICINE HAT, Nov. 17.—There is a general complaint amongst the wholesalers about car shortage for apples in B. C. and Washington, and as a result we have very few cars coming to town. The wholesale prices are B.C., No. 1 wrapped, \$1.75; No. 2 Economy crates, \$1.50. Winter Nellis pears, \$2.75.

### REGINA

REGINA, Sept. 17.—Conditions generally about same; heavy frost damage reported on apples in box cars during the early part of the week, which damage could have been averted if heaters which were in cars had been lit, but practically all arrived without heat. General dissatisfaction on account of prevalence of small size apples in B. C. cars. Apple prices about same, \$1.75 to \$1.90; good Ontario \$6.00 to \$6.25 per bbl.

## BEST FRUIT PACKED BY B. C. GROWERS

To the Members of the B. C.  
Fruit Growers' Association:  
This is the last report to be  
issued this year. Growers, I  
hope, have taken into considera-  
tion the fact that it is almost im-  
possible to secure at all times re-  
liable information at which cer-  
tain shipments of fruit and vege-  
tables have been disposed at.

The correspondents in the dif-  
ferent cities and towns are told  
to give average prices for fruits  
in first-class condition, but there  
are hundreds of shipments which  
have to be sold at less than these  
prices if any returns at all are to  
be made to the grower.

I am taking this opportunity to  
again impress upon the growers  
the wisdom of shipping only the  
best. Let us make the slogan  
"Buy B.C. Fruit" mean the best  
the market affords. When we  
have done this we shall have  
reached the goal for which we are  
striving. Good business methods,  
coupled with common sense as to  
packing and shipping will win for  
any grower the market's best  
price.

The growers this year have  
packed better fruit, but there is  
still room for improvement, they  
have adopted better business  
methods, and here, too, some  
have yet to learn a few pointers,  
but speaking generally the indus-  
try is showing improvement  
every day; by this I mean the  
individual growers are putting  
more thought into the business  
and are making it one of British  
Columbia's greatest assets.

Advertising, the inspiration of  
modern business, has been em-  
ployed to a greater extent this  
year than ever before in telling  
prairie people just what British  
Columbia has to offer. News-  
paper, farm journal and circular  
advertising have all been used to  
exploit British Columbia fruits  
and the results are to be seen on  
every hand. Prairie housewives  
now ask for B.C. fruit instead of  
"fruit" and they want to know  
why B.C. fruit is not on the  
market if their grocer tries to sell  
them an imported box or crate.

Advertising pays, and we must  
advertise more than ever next  
year. We must keep the good-  
will of the prairie fruit consumers  
with us and by the judicious use  
of printers' ink we will be able to  
do so. Do your bit in telling your  
neighbor what advertising has  
done for B.C. fruit and enlist his  
co-operation. It pays beyond the  
shadow of a doubt.

I here wish to thank the fruit  
growers for their support during  
the year, and especially those  
who helped make the Soil Pro-  
ducts Exhibition such a success.  
We must achieve greater success,  
however, another season.

W. E. McTAGGART,  
Fruit Markets Commissioner.

## OBITUARY

### The Late Mrs. T. Vernon

The death occurred in the  
early hours of this morning, of  
Mary G. Vernon, wife of the late  
Thomas Vernon. The deceased,  
who was 57 years of age, was,  
prior to her death, living with  
her married daughter, Mrs. T. A.  
Woods, on Glenn Avenue. Or-  
iginally Mr. and Mrs. Vernon  
came from Broadstairs, England,  
and located at Westside, Kelowna.  
This was in 1905. Six years  
later the deceased moved to Kel-  
owna, so that both in the city and  
on the west side of the lake she  
was well known.

The funeral, which will take  
place tomorrow afternoon, will be  
a private one.

A meeting of the publishers of  
weekly newspapers in the south-  
ern interior of British Columbia  
is to be held at Penticton tomor-  
row.

## CITY COUNCIL

The regular fortnightly meet-  
ing of the City Council was held  
last Friday morning.

Two Chinamen appeared be-  
fore the city fathers to obtain  
permission to exhume the bodies  
of two of their brethren from the  
Kelowna cemetery. The celestial  
who made the request held a per-  
mit and explained that it was the  
custom once in every seven years  
to exhume the bodies of China-  
men who had died in Canada and  
send them to China. Upon the  
motion of Alderman Millie, which  
was seconded by Alderman  
Sutherland, the permission was  
granted.

A letter was also read from the  
City of Armstrong enclosing a  
resolution passed by their coun-  
cil, in which it is suggested to  
the military authorities that a  
battalion could be raised in the  
Okanagan Valley and the sur-  
rounding districts, with head-  
quarters in the valley. The letter  
requested that our council co-  
operate with them in this matter.

After considerable discussion  
it became apparent that this  
council was not in favour of the  
resolution. It was pointed out  
that had this autumn not been an  
exceptionally dry one, thousands  
of dollars worth of produce would  
have been destroyed in the Kel-  
owna district, owing to the short-  
age of labour with which to har-  
vest. The discussion terminated  
by his worship being requested  
to write to the mayor of one of  
the largest cities in B. C. and sug-  
gest that his council consider the  
expediency of framing a resolu-  
tion in favour of a form of con-  
scription which would raise the  
requisite number of men for the  
army in those districts where the  
absence of such men would not  
seriously affect the local supply  
of labour or the business of the  
country at large.

The resignation of Mr. S. D.  
Colquette was next considered as  
chief engineer of the power house.  
While the council regretted that  
he would not reconsider his resig-  
nation they desired to place on  
record their high appreciation of  
the very efficient services ren-  
dered by him during the time he  
had been chief engineer of the  
water and light department.

Alderman Millie applied for a  
grant of \$45 with which to make  
certain repairs to the Fire Hall.  
This was granted.

With reference to the marking  
of the fire hydrants, Alderman  
Millie also reported that the  
Brigade had decided to erect a  
board painted with white and red  
for the purpose of ascertaining  
whether such boards would make  
satisfactory marks.

The council then adjourned.

## FINAL JUDGING IN ONION COMPETITION

Best Onions Seen in Valley Were  
Grown Here This Year

The provincial onion competi-  
tion held in the Kelowna district  
this year has been a very success-  
ful one, especially from the view-  
point of the judge. The competi-  
tion was close and there were  
some large yields of excellent  
quality. As the score card in-  
dicates, the greatest emphasis  
was laid on yield, quality and  
maturity of the crop. These  
are very essential points in com-  
mercial onion growing if the  
largest profits are to be made  
from the business. A large ton-  
nage per acre of immature, poor  
quality stock is often not as  
profitable as a smaller tonnage  
of well-matured good-keeping  
stock. The type of onion grown  
has much to do with the keeping  
quality and yield, and growers  
are urged to secure and plant seed  
from onions which combine both  
of these qualities. The first prize  
onions in this competition are, in  
the opinion of the judge, the best  
type of onion he has seen grown  
in this valley. They are globular  
in form, deep and thin necked. An  
onion of this description is usual-  
ly a good keeper and because of  
its depth a greater tonnage can  
be grown in the same amount of  
space than with the flatter types  
of onions.

The following show the scores  
gained:  
Casorso Brothers ..... 97½  
W. H. Fleming ..... 95½  
T. W. S. Taylor ..... 94  
S. T. Elliott ..... 92  
A. Reid ..... 89½  
M. Hereron ..... 87½  
C. Marty ..... 82  
Kinnear ..... 81½

These points are out of a pos-  
sible score of 100.

## SEATTLE FIRM SHIPS APPLES TO ENGLAND

J. Forsyth Smith, Canadian  
Fruit Trades Commissioner, at  
Leeds, England, has issued the  
following report:

The interesting announcement  
is made that the Northwestern  
Fruit Exchange of Seattle, who  
claim to be the largest exporters  
of box apples in the United States  
and to be handling 4,000 carloads  
this season, have placed their en-  
tire output in the hands of  
Messrs. J. & H. Goodwin, Ltd.,  
apple brokers, of Manchester,  
Liverpool and London, who state  
that they are now booking orders,  
at c.i.f. prices, for New York and  
Boston shipments during Octo-  
ber, November and early Decem-  
ber. This announcement is of  
particular interest to students of  
apple marketing problems, as it  
involves a radical departure from  
previous methods of handling the  
output of this organization. For  
several years, the Exchange has  
had its own sales representative  
on the London market, free to  
place apples through the brokers  
or by direct sale to wholesalers.  
The new policy concentrates the  
output in the hands of one of the  
most important firms of apple  
auction brokers in the United  
Kingdom, though, apparently, an  
effort will be made to sell a con-  
siderable proportion of the apples  
by private sale.

## All for \$2.00

The increase in the price of printing  
paper has become so serious that  
publishers are getting together to  
devise measures to meet the situa-  
tion. Many have already increased  
their subscription rates and some  
have been forced to suspend publica-  
tion.

We are advised, however, by the  
publishers of The Family Herald and  
Weekly Star of Montreal that for the  
present, anyway, there will be no in-  
crease in the price of that paper, and  
we are permitted to offer The Family  
Herald and Weekly Star along with  
The Kelowna Courier for the small  
sum of \$2.00, that is one full year's  
subscription to each paper.

This offer is good only until Nov.  
30, 1916, as it may be found necessary  
to make a change then.

The publishers of The Family Her-  
ald and Weekly Star notwithstanding  
the enormous increase in cost of pro-  
duction, have decided to spend more  
money than ever improving the paper,  
and to give their great array of read-  
ers greater value than ever.

A full year's subscription to "The  
Courier" and "The Family Herald  
and Weekly Star" will cost only \$2.00,  
provided orders are received before  
November 30, 1916. Send your sub-  
scription to this office.

#### FEW CHANGES ON BATTLE FRONTS

(Continued from page 1)

Rumanians, and there have been no dispatches forthcoming, either official or unofficial, which would indicate that the peril of the position of the Rumanians has been ameliorated.

Petrograd reports that in the Jui Valley the Rumanians are still in retreat toward Craiova, but this report probably antedated the announcement of the capture of this railroad junction by the forces of the central powers. A retreat upon Craiova would surely put the Rumanians into the hands of their antagonists to the northeast. In the Alt Valley, on both sides of the river and in the Rothenthurm Pass sector, more ground has been taken from the Rumanians by the Teutonic allies, while in the region around Campulung the Rumanians, in a strong offensive, have been set back by the stiff resistance of the front of the invaders.

Late reports from Berlin, concerning the fighting near Altona, indicate that the German forces have been successful in capturing the town.

east of the town, attacks by entente troops against the German strong resistance along their new line running from Snegova, three miles north of Monastir, to Hill 1050, 13 miles northeast of the town, while a Serbian official communication has credited the Serbs and their allies with the capture of the villages of Parolovo and Dobromir, northeast of Monastir.

On the extreme western flank of the Macedonian theatre, near Lakes Presba and Ochrida, the belligerent forces have come into contact. Paris records the capture by the entente troops of Leskovets on the west bank of Lake Presba. The Turks launched a heavy attack against Sultanabad, in Persia, but were repulsed with heavy casualties by the Russians, according to Petrograd reports.

### A. & H. SOCIETY MEET SATURDAY

Important Financial Meeting Will Discuss New By-laws

The annual general meeting of the A. & H. Society will be held on Saturday, November 25th, at 2.30, in the Board of Trade room. The accounts of the Fall Fair will be presented to the members of the Association and various alterations to the Constitution. Bylaws and Rules and Regulations will be suggested, of which notice of motion will be given for the next general meeting, the date being fixed by the members present. The directors hope that all members will endeavour to be at the meeting on November 25th.

The alterations suggested are given below in order to afford time for consideration:—

CONSTITUTION—Art. 3. "The officers of the Society shall be president, vice-president, secretary-Treasurer, six directors (instead of 14), and one auditor (instead of 2)."

BY-LAWS—(4) "Shall elect one auditor" (instead of 2); "and eight directors" (instead of 14).

(9) "Whenever any vacancy shall occur in the board of directors of the society, it shall be filled by the directors, who shall report at the next general meeting." Change to "The board of directors shall have power to fill up vacancies during their year of office, to appoint committees from their number, and to co-opt other suitable persons to these committees."

(11) "The current year shall mean from Jan. 1st to December 31st" (instead of July 1st to June 30th).

(14) "The fee of each member shall be \$1 for each year" (instead of \$2.50).

(15) "Any person paying \$15 (instead of \$25) shall be entitled to the privilege of life membership."

(17) "Neither the constitution nor the by-laws shall be changed except by a two-thirds vote of all members present when at a regular meeting of the society, due notice of the proposed change having been given" (at a previous general meeting) change to "in writing to the secretary 30 days previous to the annual general meeting."

Rules (1) "The annual fee of membership of \$1 (instead of \$2.50) entitles the member (not members of his family) to compete for the society's prizes free of charge, also free access to the exhibition."

(2) Entries. "All members' entries for competition must be made to the secretary one week before the opening day, or non-member's fees must be paid." Previous rule: entries taken till day before opening day.

(5) "Four members (instead of 5) shall form a quorum" of Directors.

(6) To allow livestock and other flower exhibits to be brought on the day of show.

(7) "New rule: Unless there are three or more entries the first prize will be withheld, second prize money to go to the first prize exhibit, second a card."

(14) To be entirely done away with: "Any exhibitor winning \$5.00 or over in prizes shall have \$2.50 deducted as membership for the ensuing year."

(23) "The grounds will be open to the public at 1 p.m. on each day of the exhibition (instead of 9 a.m. on the first day. Add "members to have access at all times."

The secretary of the A. & H. Society (Mr. R. L. Dalglish) will be glad to discuss any of these suggested alterations at the Board of Trade office.

### BIG BLAZE AT EAST KELOWNA

Anderson's House Is Completely Demolished

A disastrous fire occurred on Sunday evening, at East Kelowna, when the capacious house occupied by Mr. J. C. Anderson was totally destroyed, nothing but the stone walls of the first storey and the tall brick chimney remaining to mark the site of this fine dwelling. The house stood on the bench, not far distant from the Belgo bridge crossing Mission Creek, some seven miles from Kelowna, but the blaze illuminated the sky for miles around, the flames being plainly visible from Kelowna.

The fire is believed to have started about 7 o'clock, as it was about 7.30 when it was first discovered by neighbours, who, hurrying to the spot, found it had gained such a hold that it was quite impossible to render any assistance, either in the way of checking the fire or by removing any of the contents of the building. Mr. J. C. Anderson and his sister were visiting near neighbours when the fire commenced, the house thus being empty enabled the outbreak to get a strong hold before discovery.

The loss is estimated to be in the neighbourhood of \$7,000, being proportioned \$5,000 on the house and \$2,000 on the contents. The building itself was the property of Mr. D. M. Anderson. Building and contents were insured for a sum of \$6,000.

The cause of the fire is quite unknown. A fire had been left burning in the furnace, and it is therefore supposed that this, in some way, started the conflagration, as there was no other fire left in the house.

#### CARD OF THANKS

Mr. J. C. Anderson and sister desire to thank the many people who have expressed their sympathy to them on account of their recent loss by fire, also for the assistance offered and given.

#### REMBLER PAUL PASSES AWAY

(Continued from page 1)

incoming farmers. It was in Regina that the greater part of his wealth was accumulated, and it was from there the afterwards moved to Kelowna in 1905. On June 5, 1914, he received a great blow in the death of his wife.

Fearing pulmonary trouble the deceased decided to spend the winter in Edmonton, to which place he travelled accompanied by his house-keeper. It is believed that a slight attack of la grippe hastened an end which was primarily the result of old age.

Rembler Paul had only one child, Samuel G. Paul, who died some time ago leaving three sons, Reggie, Robert and Lisle, of whom the first and last are overseas with the C.E.F., while Robert is well-known in the city here having made his home with his grandfather.

The body, which arrived from Edmonton yesterday afternoon, will be interred in the family vault in the mountain side at the estate, about five miles up the lake from Kelowna. The funeral will be held on Friday morning, at 10.30, when a service will be conducted by the Ven. Archdeacon Thomas Greene.

Approximately three million dollars of the twelve millions lent to western farmers for the purchase of seed grain two years ago have been repaid to the government. Payments this year were practically double those of last year.

A London dispatch on November 12 reported an increase in the price of The London Times beginning November 30 to three half-pence, or a half-penny above the former price.
